

Pre-Test and Post-Test Instructions For Head Coaches

PRIOR TO TESTING

- Coordinate a time with the school Site Coordinator to conduct the Pre-Testing or Post-Testing in the regular coaching area.
- Determine the number of coaches needed to help with the testing. Schedule volunteers for testing dates.
NOTE: Coaches should NOT test the students they either will be coaching (Pre-Test) or have been coaching (Post-Test).
- Prepare Pre-Test or Post-Test Cards.
Pre-Test and Post-Testing Templates are available at ARISE2Read.org. Prior to testing, either print blank cards and write the student information on the cards or merge the student information from your workbook onto the cards. When printing the test cards, it is helpful to use different color card stock per class. All Pre-Testing assessments begin at Fry Sight Word #1. Post-Testing assessments begin at the student's Beginning Fry Word number located on the student's Front Information Label.
- Gather materials needed for testing:
 - Fry Sight Word Lists (one copy per volunteer)
 - Pencils
 - Blank paper/index cards
 - Pre-Test or Post-Test Cards
 - Privacy boards (if previously used during regular coaching sessions)

DAY OF TESTING

- Review testing procedures with volunteers who will be testing.
- NOTE: For students absent on the day of testing, a makeup testing day should be scheduled.
- When testing is complete, submit testing cards to individual who will be entering data into the workbook.

NOTE: Determining the Student's Beginning Fry Word

The Head Coach's Workbook is set up with formulas to calculate each student's Beginning Fry Word Number. In some situations, you may need to know how this is calculated. If the student's pre-test score is less than 50, the Beginning Fry Word is #1. If the student's pre-test score is greater than 50, the Beginning Fry Word is the Pre-Test Score minus 20. (Examples: If Pre-Test Score is 35, Beginning Fry Word is #1; If Pre-Test Score is 125, Beginning Fry Word is 125 minus 20 which is #105.)

After all testing is complete, submit the

Data Reporting Form from the Head Coach's Workbook to
rosalynnem@ARISE2Read.org and the School Site Coordinator.
